The CSAP has now become the TCAP (Transitional Colorado Assessment Program). Due to the implementation of new state standards and the national “core” standards, the test has been revised to only include test items that address the current standards. The TCAP will be in the same format as the CSAP but simply has a new name.

GIRLS ON THE RUN IS COMING TO CEDAREdge AGAIN THIS SPRING!

All girls in 3rd through 5th grade are invited to come join us as we have fun learning and growing together.

Girls on the Run (GOTR) is an after school program that uses the power of running to prepare girls for a lifetime of self-respect and healthy living. Through interactive activities, such as running, playing games, and discussing important issues, GOTR participants learn how to celebrate being pre-teen girls. The program focuses on building self-esteem and improving emotional and physical health. During the 10-week program, girls are empowered with a greater self-awareness, a sense of achievement, and a foundation in team building to help them become strong, contented, and self-confident young women.

Each session is led by trained, volunteer female coaches who guide and mentor girls through a fun and uplifting curriculum. Coaches teach specific life lessons such as dealing with body image and the media, resisting peer pressure, making healthy decisions and contributing to the community. Along the way, the girls train together to walk or run a 5K (3.1 mile event.)
